Summer Reading Groups

The Reading & Academic Development Center at UC Davis specializes in interventions to improve reading comprehension for children, ages 7-11 years old, with Autism Spectrum Disorders.

Explicit, strategic curriculum for comprehension, vocabulary and writing is taught through engaging children’s books.

Children who participate in this program benefit from:
• Small group work environments that also help develop social skills
• Trained & experienced tutors
• 3 days per week for 6 weeks:
  o June 20th – July 29th
  o Tuesdays, Wednesdays & Thursdays

Total Cost for 18 Sessions = $500
