

# FREE Clear Lake Environmental Education Training Saturday, March 30, 2024

8:30 AM - 4:00 PM

Lake County Office of Education (Kesey Room)  
1152 S Main St, Lakeport

**Optional field day Friday, March 29**

10:00 AM - 2:00 PM, Rodman Preserve

**Compensation is available to attend a training and pilot environmental education materials with youth**

Educators are needed to provide feedback on environmental education materials drafted for use in non-formal settings with grades 3 through 5. These materials are designed to support youth learning about priority environmental topics identified by the community. They incorporate participatory science opportunities, analyze local data, utilize local restoration projects, and provide options for youth advocacy.
