Is Now A Good Time To Go Into Teaching?

YES!

- Record number of new teachers being hired
- Increased number of students entering the K-12 schools
Master of Arts Degree & Teaching Credential

- The combined program can be completed in less than 2 years
- You are employed as a teacher while taking MA classes at times outside of your teaching workday
- No need to reapply or take the GRE
- Continuation to finish the Master of Arts degree is not required, although the majority of students do complete the MA

Student Teaching at UC Davis

- The K-12 classrooms where students are placed are linguistically, ethnically, and socio-economically diverse and reflect a typical California public school. Due to COVID students are in remote classrooms this year!
- Student teaching placements are in local school districts where we have long-standing partnerships: Davis, Dixon, Elk Grove, Fairfield-Suisun, Folsom-Cordova, Natomas, Napa, Sacramento City, San Juan, Travis, Yolo Rivers, Vacaville, Washington, Winters, Woodland (Partner districts can vary from year to year/subject to subject)
- Faculty determine your placement while considering where you live, transportation needs, and grade level preference
Student Teaching (continued)

- Integrated model in which credential coursework and the public school classroom experience occur concurrently
- Exposure to the full K-12 academic year. You help set up the classroom and are in your placement from the first day of the K-12 school year in August through their last day in June
- UCD Supervisors work closely with Resident Teachers to guide you; frequent observations
- Most students may experience two different classrooms but this will vary by subject and year

Basic Skills Requirement

Prior to an offer of admission, you must provide evidence of meeting the Basic Skills Requirement.

Applicants must verify proficiency in reading, writing, and math. Table A lists options you may have already completed to satisfy Basic Skills. If you don’t meet any option in Table A, review Table B for exam options. Unofficial test scores are acceptable for admission review. If admitted, official scores are required. Passing scores remain valid indefinitely. For more information, test registration and to order score reports, visit: https://www.ctc.ca.gov/docs/default-source/leaflets/cl667.pdf?sfvrsn=91a6cf60_32

**Note:** May combine Options 4 & 5 to meet Basic Skills Requirement.

**Prior to 2002 a 550 or higher is required on the ELM.

Subject Matter Verification

All credential candidates must verify their understanding of the subject area they wish to teach. The most common way to verify this knowledge is by passing the California Subject Examinations for Teachers (CSET).

The exams are computer-based and offered year-round at specific testing sites. You can register to take all tests at once or one subtest at a time. **It is in your best interest to have test requirements completed as early as possible but we will consider exceptions if extenuating circumstances prevent you from meeting these test timelines. Please contact Student Services at educounseling@ucdavis.edu with any questions.** If you haven’t passed the exams you may provide proof of registration indicating that all required CSET subtests will be taken according to the following table:

<table>
<thead>
<tr>
<th>Apply Date</th>
<th>All Programs</th>
</tr>
</thead>
<tbody>
<tr>
<td>By Jan 15-Priority/Scholarship</td>
<td>➢ Provide test registration/scores for all required CSET exams with a test date no later than 2/15/21*</td>
</tr>
<tr>
<td>By March 1- General</td>
<td>➢ Provide test registration/scores for all required CSET exams with a test date no later than 4/1/21*</td>
</tr>
<tr>
<td>By April 15- Space Available</td>
<td>➢ Provide test registration/scores for all required CSET exams. <strong>Must provide test results by 5/15/21</strong></td>
</tr>
</tbody>
</table>

*A admissions decisions may be delayed until evidence of CSET is provided. Exceptions may be granted to Agriculture applicants due to reduced testing opportunities.*

### Multiple Subject Applicants

- Multiple Subject - test code 101, 102 (or 214) and 103

### Single Subject Applicants

- Agriculture – test code 172, 173, 174
- English – test code 105, 106, 107, 108
- Math – test code 211, 212 (213 is optional but preferred)
  - **Science – test code 215 + (217 or 218 or 219 or 220), based on your science preference:**
    - **Biological/Life Sciences – 217
    - **Chemistry – 218**
  - **Earth and Space /Geosciences – 219
  - **Physics - 220**
- Social Science – test code 114, 115, 116

A less common option to verify your subject knowledge is by completing an approved Subject Matter Waiver program. Check with your undergraduate institution to see if you completed such a program. At UC Davis, we offer a Subject Matter Waiver in agriculture and mathematics.

- **Document to submit: Completed or In Progress Subject Matter Waiver evaluation**

In order to prepare for our Teacher Credential program, it is important for you to have some knowledge of California public school classrooms and the teacher’s work in that classroom. Normally we require you to complete 30 hours of observation in a California classroom at the grade level or in the subject you are interested in teaching. While we strongly encourage you to complete this classroom observation if possible, for the 2021-22 admission cycle only, the 30 hours of observation requirement is suspended due to COVID-19 limitations.

You still need to provide information on your experiences working with school-age students but these experiences can be outside of the California classroom and do not have to total 30 hours.

How do I describe my experience to meet the Classroom Observation requirement?

- **All** applicants must answer the question describing relevant observation/experience with learners (found in Section 10 on the online application).
- In your application essays, please describe any significant experience working as a volunteer in a classroom setting or individually with elementary and/or secondary age children in one-on-one situations, such as tutoring, coaching, after school programs, mentoring, etc.
- If you completed your 30-hour observation prior to COVID-19, please fully describe that experience in your application.

How do I document my Classroom Observation?

You need only complete the questions/essays in your online application. There are no additional documents to submit for Classroom Observation.

Questions?

If you have any questions, please contact Student Services at eduadvising@ucdavis.edu.

Financial Information 2021-2022

Information on the cost to attend the UC Davis Teacher Credential program can be viewed at: [http://financialaid.ucdavis.edu/graduate/education/cost.html](http://financialaid.ucdavis.edu/graduate/education/cost.html)

Here are some options for funding your teaching credential program:

**Scholarship/Grant**
The School of Education offers a number of scholarships and grants to well-prepared applicants who apply for admission by the Scholarship Deadline of **January 15th**.

Applicants applying after the Scholarship Deadline will be considered for fellowship awards for the Masters portion of the program.

**Veteran’s Benefits**
If you qualify for VA benefits, please contact the VA Center by email to vaoffice@ucdavis.edu or calling 530-752-2020. We want to make sure you receive any tuition fee waiver and housing allowance you are entitled to in a timely manner. Email credentialanalyst@ucdavis.edu at the School of Education, for general guidance.

**Cal Grant**
If you have received Cal Grant benefits and will begin the Credential Program within the last 15 months of your last quarter, you may qualify for an additional year of eligibility. You will need to work with the California Student Aid Commission to verify eligibility and submit the G-44 Form (Request for Cal Grant Teaching Credential Program Benefits) to request benefits. For assistance, contact financial aid or visit their website at: [https://www.csac.ca.gov/post/request-cal-grant-teaching-credential-program-benefits](https://www.csac.ca.gov/post/request-cal-grant-teaching-credential-program-benefits)

**Loans**
There are a variety of loan options to help you fund your education. Completing the Free Application for Federal Student Aid (FAFSA) or the California Dream Act, allows the university to determine what types of financial aid you qualify for. When completing your application, please indicate that you are applying to a **Grad/Professional program** – not teacher credential.

For our International and DACA applicants, please be sure to check with the Financial Aid office to see how your loan options may differ.

**Financial Aid Contact information**
More information is available at: [https://financialaid.ucdavis.edu/graduate/apply.html](https://financialaid.ucdavis.edu/graduate/apply.html). Or contact our Financial Aid Representative, Vince Ramos (vramos@ucdavis.edu) or through their “Contact an Expert” help desk at [https://my.ucdavis.edu/ask_us/](https://my.ucdavis.edu/ask_us/) if you have questions.

*By mid-April our financial aid office will provide each admitted student a personalized financial aid package, which may include grants, scholarships and offered loans.*
CERTIFICATE OF CLEARANCE
Due May 1\textsuperscript{st} of the year admitted

Are you planning to become a teacher?
You will need a Certificate of Clearance or an Emergency 30-day Substitute Permit prior to the start of your student teaching placement during the credential program. Either document verifies that you have completed the Commission on Teacher Credentialing required background check and are cleared to begin student teaching.

Not sure which credential program you want to attend?
No problem! The Certificate of Clearance works for all California credential programs so you can start the Certificate of Clearance process while you are still deciding which program you want to attend. Although not required by UCD, some programs require you to submit proof of your Certificate of Clearance with application materials so it is important to get the process started early.

Why should you apply for the Certificate of Clearance NOW?
When you apply for your Certificate of Clearance your fingerprints are sent to the California Department of Justice and the FBI for processing which can take anywhere from a few days to several months. Any delays in processing may impact your ability to begin student teaching. Applying early allows you enough time to resolve a problem if it should arise.

Do you already hold a Substitute Permit?
If you currently hold a valid 30-day Emergency Substitute Permit you have already completed the background check. Please contact Student Services at eduadvising@ucdavis.edu to inform us you hold a sub permit.

How can you apply for a Certificate of Clearance?
Follow the Commission on Teacher Credentialing Online Direct Application Process with a step-by-step checklist which can be found at: http://www.ctc.ca.gov/credentials/submit-online.html

For more detailed instructions visit the “Admitted Students – Things to Do” section on the UC Davis Teacher Education website: http://education.ucdavis.edu/info-admitted-students

What may cause a delay in obtaining a Certificate of Clearance?
(1) Incomplete Application – complete both parts:
   • Step 1: Go to a Live Scan operator with the appropriate CTC form and have your fingerprints scanned.
   • Step 2: Submit your application- Find complete details on our website at:
     https://education.ucdavis.edu/general-information/8-certificate-clearance

(2) Professional Fitness Review
You must disclose of all criminal convictions, even those that have been expunged. If you answer YES to any of the Professional Fitness questions, additional documents must be submitted. Please review the Commission’s directions at:
https://www.ctc.ca.gov/educator-discipline/pfq-applications

A criminal conviction does not automatically disqualify you from obtaining a Certificate of Clearance but it will significantly delay the issuance by several months. Our Admission Coordinator, Tracy Falk, is here to confidentially assist you. Please contact her at tafalk@ucdavis.edu or (530) 752-2367.
Application Submission Process  
Teaching Credential/MA Program 2021-2022

Information regarding a Bilingual Authorization in Spanish

California needs more bilingual teachers!
Bilingual education is growing in California and we have a shortage of bilingual teachers. California’s bilingual students deserve teachers who understand what it’s like to learn in and through a second language and who can support them in becoming bilingual and biliterate. You can help fill this need!

The Bilingual Authorization in Spanish authorizes elementary and secondary school teachers to provide instruction in Spanish to English Learners as well as students learning Spanish. This is in addition to the regular Credential, which prepares all candidates to support English Learners and to teach English Language Development (ELD), as well as Specially Designed Academic Instruction in English (SDAIE). The Bilingual Authorization prepares candidates to teach the following:

1. Content instruction in Spanish delivered to students whose primary language is Spanish, as well as those learning Spanish.
2. Instruction designed to develop students’ academic Spanish skills.

For more information about either the Multiple Subject or Single Subject Bilingual Authorizations, please visit our website: https://education.ucdavis.edu/bilingual-authorization and contact Professor Susana Mayorga-Casanova, faculty coordinator at smayorgac@ucdavis.edu.

You may also contact Student Services at eduadvising@ucdavis.edu for assistance with the Bilingual Authorization.

Teachers who earn the Bilingual Authorization in addition to the elementary or secondary credential are in great demand in the public schools!
Frequently Asked Questions: Bilingual Spanish

Q: Am I applying for a Bilingual Credential?
A: You are applying for a Bilingual Authorization. The Authorization is in addition to your Multiple or Single Subject Credential. That is why when you apply to the program you will either choose our Multiple Subject or Single Subject program.

Q: How will I demonstrate my Spanish fluency?
A: You will demonstrate your Spanish fluency in two ways. First, you must pass a written examination administered by the School of Education that will assess your knowledge of written Spanish. Second, during your interview you must pass an oral interview, which focuses on your ability to communicate effectively in Spanish. You will also be asked during the interview to present a short lesson that demonstrates your ability to deliver content information in Spanish.

Q: Are there any additional course requirements for a Bilingual Authorization?
A: Yes, there are additional courses that satisfy state requirements for the Bilingual Authorization that you must complete during your Credential year.

Q: What is the additional cost to get a Bilingual Authorization?
A: You will need to pass an additional CSET exam: CSET Spanish subtest V (history, geography, politics, and culture). We recommend (but do not require) taking it before the start of the program. The fee for this subtest is $99. Scan the QR code at the right with your phone’s camera for more information on CSET Spanish subtest V and how to register. UC Davis does not charge an additional fee for the bilingual course(s) as they are taken along with your regular credential coursework.

Q: Will I be placed in a bilingual student teaching setting during the Credential year?
A: Yes, you will be placed in a classroom setting to practice your Spanish skills. Multiple Subject candidates will be placed in a bilingual classroom for the long-term placement. Single Subject Candidates must teach in a Spanish setting during their short-term placement or for a minimum of 3 weeks, when possible.

Q: Does my Spanish need to be perfect? Do I need to be a native-Spanish-speaker?
A: You do not need perfect Spanish (there is no such thing!) and you do not need to be a native speaker. There are many kinds of bilinguals. Some grew up speaking Spanish, but never studied it in school, while others learned Spanish living abroad or as Spanish majors in college. If you can read, write, speak, and understand advanced Spanish and communicate clearly, you may be eligible for a bilingual authorization.
Information regarding a Bilingual Authorization in Mandarin

California needs more bilingual teachers!
Bilingual education is growing in California and we have a shortage of bilingual teachers. California’s bilingual students deserve teachers who understand what it’s like to learn in and through a second language and who can support them in becoming bilingual and biliterate. You can help fill this need!

The Bilingual Authorization in Mandarin authorizes elementary and secondary school teachers to provide instruction in Mandarin to English Learners as well as students learning Mandarin. Q: Will I be placed in a bilingual student teaching setting during the Credential year?
A: Yes, you will be placed in a classroom setting to practice your Mandarin teaching skills. Multiple Subject candidates will be placed in a bilingual classroom for the long-term placement. Single Subject Candidates must teach in a Mandarin setting during their short-term placement or for a minimum of 3 weeks, when possible.

Q: Does my Mandarin need to be perfect? Do I need to be a native Mandarin speaker?
A: You do not need perfect Mandarin (there is no such thing!) and you do not necessarily need to be a native speaker. There are many kinds of bilinguals and ways to learn Mandarin. However, you do need to have more than experience than just taking a couple of Mandarin classes would provide. If you can read, write, speak, and understand advanced Mandarin and communicate clearly, you may be eligible for a bilingual authorization.
